## Information for guests receiving subcutaneous fluids during their stay

**Please provide a veterinarian's note at least 3-5 days prior to check-in.**

We require the following:

1. A letter from your cat's veterinarian stating ...

- The medical condition that requires the subscribed fluids.
- All other medical conditions.
- That your cat is healthy enough to board.
- The amount and frequency of the fluids to be administered.

2. Please provide enough needles for a single-time use for each administration for the length of your cat's stay.

3. Please provide enough fluids for the duration of your cat's stay.

4. Please provide extra fluids and needles in case your trip is extended a few days.

If you have any questions, please ask!

I accept this policy.
